INTRODUCTION

Your LinkedIn Headline is the shortened version of your profile. It tells who you are in 120 characters or less. Your headline is often your readers' very first impression of you and it will determine whether they continue reading or click to the next profile. Let's make your headline sing!

Your headline sums up your professional "identity" in a very short phrase. You want this phrase to be catchy, bright, and clever.

Not all headlines follow the same mold. I have found there are 2 distinct headline types:

- ***The Keyword- Packed Headline***
- ***The Power Statement Headline***

KEYWORD HEADLINE

The *Keyword-Packed Headline* is the most popular headline choice amongst LinkedIn users. It's a great way to optimize your profile because it uses your *keywords*. When crafted in the right way, this type of headline can really pack a punch.

The secret to a POWERFUL *Keyword-Packed Headline* is coupling your professional *keywords* with personal,

extracurricular *keywords*. This turns a corporate creature into a three dimensional human being.

The next page provides you with my LinkedIn Headline Generator. Pick and choose between the different *keyword* categories. Just remember, you want a headline that is easy to read AND compelling to your reader.

POWER STATEMENT HEADLINE

The *POWER Statement Headline* is my personal favorite because if done well, it really tells a story and compels people to check out your profile.

Ex. Helping businesses embrace social media and GROW!

When crafting a *POWER Statement Headline*, start with: “Helping people...” or “Helping companies...” and then fill in the rest.

The question to ask yourself is *how do you help people or companies?* Think in terms of benefits provided.

The next page contains a list of Power Statement Headlines that you can use for inspiration!
